## SWEET SHOWER GEL ALIEN GIRL with Melon aroma

## ANTIDEPRESSANT SHOWER GEL FOR SENSITIVE SPIRITS

with intergalactic wine

Bilberry extract has major soothing, nourishing and moisturizing properties. It helps balance your hydrolipid barrier and your mental energy, as it's an excellent, natural antidepressant. Currant extract will relieve your skin and thoughts of irritation, shrinking the black holes inside you and vaporizing your problems.

Intergalactic wine in shower = harmony in your soul.

«While everyone else in the Galaxy Far, Far Away is losing their mind about the Empire, we recommend that you forget about the futility and fragility of life with a bit of our intergalactic wine!»

«While another Republic falls in a Galaxy Far, Far Away, we're charging up your love blaster with aphrodisiacs in the heart of the Star System Aphrodite!»

Beauty can save the world, but a romantic shower can save you!

## MAGNETIC SHOWER GEL FOR EXTRAORDINARY SPIRITS

with natural aphrodisiacs

Papaya extract wakes you up, gets you feeling friendly and ready to mingle. It's a hell of a fruit, you know! We flew through countless galaxies just to find it! Pineapple extract doesn't just cheer you up! Its exciting aroma gets your heart beating faster! Rumor has it that pineapples aren't from South America at all, they're really from a little planet called Loveyoulots.

## COLLAGEN ESSENCE FOR HAIR

with collagen

Essence for hair is enriched with collagen, which helps to restore hair and bring back its shine, fights split ends and helps to maintain an appropriate moisture level for your hair. Silicones create a protective layer around the hair strand, allowing the keratin to work its magic on damaged flaky hairs and split ends.

Protein shake for hair is enriched with vegetable protein that nourishes hair and gives it a healthy, well-groomed look, as well as a whole complex of amino acids that make hair strong and manageable. ## POWER POTION FOR HAIR

with Cayenne Pepper extract

One of the ingredients in our Power Potion for hair is Cayenne pepper—a real “hot guy” that makes your blood vessels expand on contact, promoting faster nutrient delivery to follicles, speeding up recovery and activating new hair growth. Apigenin, which acts in a similar way to pepper, also normalizes sebaceous gland secretion, allowing hair to grow strong and smooth. Carotene and chlorophyll (oleanolic acid) soothe the skin and quickly relieve the slight irritation that may occur due to the pepper’s “fiery temperament”. Peptides stimulate the production of collagen in the follicles, significantly reducing hair loss and, with regular use, helping your hair achieve ideal thickness and a noticeable boost in volume.

40 ml (4\*10 ml)

## KERATIN FILLER FOR HAIR

with keratin

Your filler for hair is enriched with keratin, which restores strength and elasticity to your hair, making it smooth, manageable and shiny and providing excellent heat protection. The silicone creates a protective layer, around the surface of the hair strand, allowing the keratin to work its magic on damaged, flaky hairs and split ends.

40 ml (4\*10 ml)

## SILK PROTEIN FOR HAIR

with plant extracts and hyaluronic acid

Your silk protein for hair is enriched with plant extracts and hyaluronic acid to transform dry, unmanageable hair into shiny silk! Silk protein covers the surface of the hair with a protective layer, allowing it to retain moisture. Nettle restores and strengthens the hair, promoting active growth. Green Tea and Birch Bark have a beneficial effect on the scalp and follicles and strengthen hair strands, making them shiny and manageable. Damask Rose nourishes and hydrates the skin and hair, giving them strength and elasticity, and helps to prevent brittleness and split ends.

Because the emulsion ingredients keep moisture in the skin, this mask provides long-lasting comfort that won't leave you throughout the day. The results are beautiful, well cared-for skin and flawless makeup without clogged pores.
